

Business Networking

Connecting local businesses

Local Business - Self-Employed - Home-based worker

This is a NEW initiative aimed at connecting local business people to help enhance your business through:

- Exchanging ideas
- Meeting potential clients and suppliers
- Discussions on issues affecting businesses locally
- Information on Government-funded business advice

This session will cover the business support that is available

Join a relaxed environment where you can meet and engage with other local people running or starting a business or enterprise.
