The meeting is then suspended for 10 minutes, if required, for the Public to express a view or ask a question about any item on the following agenda.

5. Councillor Reports:

5.1. Cllr David Watts (WDC).

5.2. Cllr Nick Bennett (ESCC)

6. Correspondence:

6.1 NHS health checks in the local community. A local organisation called One You East Sussex, funded by the government, is to provide health services to members of the public in East Sussex, including the standard Free NHS health check for 40-74 year olds. This includes a check of cholesterol, diabetes, blood pressure and provides a breakdown of one's cardiovascular health as well as a cardiac risk score.

They have recently been running health check days at public venues such as libraries, community halls and gyms for the local community to receive one of these free health checks outside of their GP practice. A health check could be available to parishioners whom wish to receive one, with time slots they could book into. Is this something that Chiddingly parish would also be interested in running at the village hall? It is a fantastic opportunity to allow the community to gain easy access to the free health assessment they are entitled to at their doctors every 5 years, whom do not due to doctors lack of availability or capacity to provide them as regularly as they should.

6.2 Wealden District Council is drawing up a series of Character Appraisal Documents for all the District's 33 Conservation Areas. (Chiddingly and Muddles Green) are within this. These Appraisal Documents will define the special interest and character of each Conservation area to help the Council protect and manage our important local heritage. They will form part of the Wealden Local Plan and be used when making planning decisions. Once each Character Appraisal Document has been drawn up, it will be added the Conservation Areas page of the Wealden website. You will be able to see what is said about each area, and a formal public consultation of the draft appraisals and the Management Plan for the Conservation Areas will take place once all 33 areas have been appraised. This work is expected to take 18 months. The Conservation Areas page on the Wealden website can be found here: www.wealden.gov.uk/heritage
